Good morning Mrs. Ferretiz-Diaz

Please provide a copy of your plot plan or survey indicating where the fence replacement is located & a drawing or picture of the fence.

Also, you did not list a contractor, they will need to be registered with the city if they are not already. They can register online @ cityofvilla.org or down at city hall. I have also attached that form if you wish to pass it along to your contractor.

Thank you,

Good morning,

Attached please find a clean survey and a "Fence" survey where I have highlighted in yellow the portion of the fence we need to replace. I have also attached pictures of the portion of the fence needing to be replaced. We are not hiring a contractor to replace the fence. My husband, Navor Diaz, will be doing the work himself with the help of his brother. Is he required to register in order to replace the fence even though he is not a contractor?

INSTRUCTIONS FOR COMPLETING THE REQUEST FOR A
SPECIAL EXCEPTION

TO THE OVILLA BOARD OF ADJUSTMENT

ORDINANCE 2010.023

This instruction page is provided for your information and aid in filling out this ***SPECIAL EXCEPTION*** request. It is not to be considered legal advice. City employees are not permitted to give legal advice in this matter.

Evidence of each of the following three conditions must be found to exist by the Board of Adjustment in order for a ***SPECIAL EXCEPTION*** request to be granted. They are:

1. That the use is specifically permitted under the ordinance and the requirements for such use are met; and
2. That the locations of proposed activities and improvements are clearly defined on the site plan filed by the applicant; and
3. That the ***SPECIAL EXCEPTION*** will be wholly compatible with the used and permitted development of adjacent properties.

Condition 1 requires that if the special exception is granted, it may not be against the public interest. "Public Interest" for ***SPECIAL EXCEPTIONS*** is defined as the well-being of the general public, with specific attention on those members of the public that could be directly affected by the proposed special exception.

Condition 2 requires that the enforcement of a zoning regulation causes an "unnecessary hardship." The hardship must be caused by the property itself, for reasons such as narrowness, shallowness, shape, topography or other physical conditions related to the property. The hardship must not be caused by the applicant, cannot be personal in nature, cannot be financial only, and must relate to the very property for which the ***SPECIAL EXCEPTION*** is sought.

Condition 3 requires that if the Board of Adjustment grants the ***SPECIAL EXCEPTION*** as requested, it will not grant a privilege in conflict with other provisions of the ordinance.

The burden of showing these three conditions is on the applicant/owner. You will be expected at the Board of Adjustment hearing to submit evidence providing the conditions stated exist. Evidence can be presented by testimony and/or through documentation. (All photos, documents, etc submitted will become part of the permanent file of the City of Ovilla.)

All three conditions are required to be met in order for the board of adjustments to grant your special exception. Failure to state how your ***SPECIAL EXCEPTION*** request meets these conditions in your application will result in its return without being submitted to the Board of Adjustment.

We applied for a permit to replace the fence and felt rushed to get it done for the safety of our four daughters and three dogs. Because we were not making any alterations, we did not foresee there being any issue with obtaining a permit.
