- ITEM 2. DISCUSSION** – Review the maintenance needs and fiscal year budget for municipal parks.

Mayor Dormier commented on this agenda item being needed to clarify the needs for the Ovilla parks. He explained, there are several different avenues being discussed. Funding shows to agree with some ideas, but not with other ideas. The Mayor expressed if there was a possible need for changes in the budget, an action will need to be taken to amend the budget.

At this time, PL2 Oberg shared his desire of to take left over budgeted money from Ashburne Glen Park and Silver Spur Park to be used toward the restoration of Cindy Jones Park. He stated it is more centrally located and is also located near our much-used baseball fields. Much of the discussion was focused on which park and budgeted item could be amended. The council suggested this idea to go before our Park Board for recommendation. PL2 Oberg volunteered to sit in on the next Park Board meeting scheduled as a citizen to go over his personal thoughts regarding the parks.

*No motion/discussion only.*

- ITEM 3. DISCUSSION/ACTION** – Consideration of and action to authorize expenditures for municipal facilities.

The city manager went over the work that the Public Works Director has been researching trying to meet the need for their department's relocation. PW director Kuykendall talked about how moving public works to the water tower as discussed last meeting, would not be feasible due to all the additional costs associated with that. There is also crowding with all the storage of equipment and the negative image it would give to our citizens. His suggestion is the equipment could be stored at the tower and they can relocate Public Works off of Westlawn. The building suggested is a modular building

with a 50 year warranty of the siding. It is refurbished but has all new furnishings. The concept of the building was approved, but the location of the building will be further discussed.

Mayor Pro Tem Griffin made the motion to approve all as presented other than the location of the building. Seconded by PL2 Oberg.

*No oppositions, no abstentions.*
