Agenda Item / Topic:

ITEM 2. *DISCUSSION/ACTION* – Workshop and review of the proposed Fiscal Year 2014-2015 Budget, discuss the preliminary determination of the tax rate, and direct staff as necessary.

Discussion / Justification:

BUDGET PROJECTIONS: the remaining budget projections were completed for electricity, worker's compensation, liability and property insurance, health insurance, and four quarterly newsletters.

Overtime for the position of Code Enforcement Officer was revised to include attendance a municipal court, board of adjustment, and planning and zoning meetings.

Outstanding revenue items for the General Fund include confirmations from ESD#2 and ESD#4.

Debt service for FY2014-2015 is \$572,425. The budget includes an estimated \$415,325 from ad valorem taxes and the contribution from the water and sewer fund of \$142,430 and the balance from interest and fund balance.

Water and Sewer Utility Fund includes the proposed rate increase of 3.5% received from City of Dallas for the cost of wholesale water. Council will need to consider passing on the rate increase to the water customers.

PRELIMINARY DETERMINATION OF TAX RATE: The City received the certified tax values for both Dallas and Ellis Counties on Tuesday, July 22, 2014. Ellis County is contracted by the City to provide the Effective Tax Rate and Roll Back Tax Rate. The total taxable value for 2014 is \$261,857,352 compared to last year of \$248,160,741. Tax revenue is based on a 98% collection rate.

The Budget for FY2014-2015 is proposed with the current tax rate of \$0.6719. The maintenance and operations rate is set at the current year's rate of \$.05019 and the debt rate or interest and sinking (I&S) is set at the current year's rate of \$0.17. If Council chooses to go with the current property tax rate of \$0.6719, there would be a surplus of about \$21,000 and two public hearings would be required.

The Effective Tax Rate for FY2014-2015 will be \$0.655815 which is the total tax rate needed to raise the same amount of property tax revenue from the same properties in both the 2014 tax year and the 2015 tax year. If Council chooses to go with the Effective Tax Rate of \$0.65518, the deficit would be about \$20,000 and no public hearings are required.

The Rollback Tax Rate is \$0.73009 and is the highest tax rate the City can set before taxpayers can start tax rollback procedures. The surplus would be about \$170,000.

Supplement Capital and Personnel items not included in the proposed preliminary budget include:

Capital Expenditures:

- Public works truck ~ \$35,000 (the old truck would replace the animal control truck and be retrofitted for \$2,000)
- Fire engine and financing options (multi-year) ~ \$560,000. Boyd London with First Southwest Securities will be available to address option of using tax notes to finance the Engine.
- Police patrol vehicle ~ \$44,500

Personnel:

- Police officer position and benefits ~ \$40,000
- Compensation study adjustment ~ TBD

ITEM 3. **DISCUSSION/ACTION** – Consideration of a proposed tax rate for the Fiscal Year 2014-2015 Budget and take a record vote.

Discussion / Justification:

RECOMMENDED CITY COUNCIL ACTION:

BACKGROUND INFORMATION:

The Texas Constitution and Property Tax Code states that a taxing unit (City) must comply with certain steps in adopting their tax rates. The Truth-in-Taxation Law was passed for two purposes. The first is to make taxpayers aware of tax rate proposals and the second is to allow taxpayers, to rollback or limit the tax increase. The Texas Comptroller of Public Accounts publishes a guide every year with all the updated laws to make this process easier for Cities to follow. The four major principles of truth-in-taxation is that the property owners have the right to know about increases, the tax unit must publish the effective and rollback tax rates, the taxing unit must publish a special notice and hold two public hearing if the rate exceeds the effective rate and if the rate exceeds the rollback rate - then the voters may petition for an election.

The Effective rate is the rate that is a calculated rate that would provide the taxing unit with the same amount of revenue it received in the year before on properties taxed in both years. If property values rise, the effective tax rate will go down. If property values fall as we have seen with our appraisals then the effective rate goes up.

The Rollback rate is the calculated rate that is the maximum rate allowed by law without voter approval. Rollback rate is the effective maintenance and operations rate X 1.08 plus the current debt rate.

The tax rate is split into two parts. The first part is the maintenance and operation rate or commonly referred to as the M&O rate. This rate is used to fund the day-to-day operations and is unrestricted revenue. This rate is set by Council.

The second part is the debt rate or commonly referred to as the I & S rate. This rate is used to fund any bonds that have been issued by the City. This rate is set by the amount of debt the City currently

is paying and is calculated by the Tax Office.

FINANCIAL IMPACT:

1. If Council proposes a rate that is the same rate as last year, (.671900) Ad Valorem Revenue will increase \$21,000.
2. If Council proposes the Effective Tax Rate, (.655815) Ad Valorem Revenue will decrease by \$20,000.
3. If Council proposes the Rollback Rate, (.730090) Ad Valorem Revenue will increase by \$170,000

2014 Property Tax Rates in CITY OF OVILLA

This notice concerns 2014 property tax rates for CITY OF OVILLA. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$1,240,548
Last year's debt taxes	\$420,190
Last year's total taxes	\$1,660,738
Last year's tax base	\$196,438,224
Last year's total tax rate	0.671900/\$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$1,321,082
÷ This year's adjusted tax base (after subtracting value of new property)	\$201,441,156
= This year's effective tax rate	0.655815/\$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for any transferred function, tax increment financing, state criminal justice mandate and/or enhanced indigent health care expenditures)	\$986,828
÷ This year's adjusted tax base	\$201,441,156
= This year's effective operating rate	0.489884/\$100
× 1.08 = this year's maximum operating rate	0.529074/\$100
+ This year's debt rate	0.201016/\$100
= This year's rollback rate	0.730090/\$100

Statement of Increase/Decrease

If CITY OF OVILLA adopts a 2014 tax rate equal to the effective tax rate of 0.655815 per \$100 of value, taxes would increase compared to 2013 taxes by \$ 23,327.
